### **The Doyen of Politics — Destined to lead**

Warmest and heartfelt congratulations to our Honourable Chairman, Shri Thomas Chandy, on his appointment as the Transport Minister of Kerala. May God Almighty shower His blessings upon him as he embarks on his new responsibilities and ventures.

### **The Principal Writes**

The wheel has come a full circle and the school is again steering ahead in its first lap of the next academic year. Talking of our achievements we have proved our mettle in extremely cut throat competitive fields. We believe in barging ahead, armed with the spirit of an adventure to chart our newest territories and to ride ruff-shod over tougher terrains. The excellent C.B.S.E Board results in class X and XII have once again proved our superior position in academics too.

The world is more complex, globalized and technology enabled than ever. Let us give our children the strength to question because thinking is not derived by answers but by questioning. Millions saw apples fall, only Newton asked why. Hence the critical ability of questioning and reasoning should be seeded and nurtured in the minds of our kids in their budding stage itself. If we provide our children with peaceful ambiance, loving approach, and broader exposure, they would definitely reach beyond our expectations.

Wishing a cool summer vacation and come back with cent percent recharge in order to accomplish superior achievements. So, **Read, read and read again to lead.**

**"Ramadan Kareem and Eid Mubarak".**
